Governor Eduardo Leite has alerted the state's population about the persistence of rains and floods, expecting the situation to worsen in Porto Alegre.

Alterações climáticas e El Niño

Weather across South America is affected by the climate phenomenon El Niño, causing droughts in the north and intense rainfall in the south. This year, the impacts of El Niño have been particularly dramatic, with a historic drought in the Amazon. Scientists say extreme weather is happening more frequently due to human-caused climate change.
