GAME OBJECTIVE:

Sportingbet Blackjack Pro is a variant of standard Blackjack that features the Perfect Pairs and 21+3 side games. This 1 game allows you to play up to five hands of Blackjack at once, one after the other during game play. 1 The objective is to accumulate cards to get a total of 21 or as close to 21 as possible, without 1 going over 21. The value of a hand is the sum of the point counts of all the cards in 1 the hand.

HOW TO PLAY THE GAME:

This game can be played with up to five hands. In order to play, you 1 must place a bet on at least one of your hands. Every hand may have a different bet amount.

To place 1 a bet, click on a chip in the bottom left of the screen to select your chip value. Click on 1 one of the available betting areas (the 5 larger circles) to place the bet. Every click increases your bets by 1 the value of the selected chip.

Side bets can be placed on the 'Perfect Pairs' or the '21+3' betting areas under 1 any of your hands to the left or right respectively, as well as on the 'Dealer's Pair' betting area near 1 the Dealer's hand. In each game round, you can place one 'Dealer's Pair' side bet, and a 'Perfect Pairs' and 1 '21+3' side bet for each of your own hands that has a regular bet placed on it.

You can click CLEAR 1 BETS to remove all bets from the table.

Clicking DOUBLE doubles every bet you have placed on the table.

Click UNDO

to 1 remove the last bet made from the table.

The minimum and maximum bet limits

personalised to your account are shown at 1 the top of the table. If there are a range of limits available for a given table, these will be 1 displayed in the lobby or when the game is loaded.

Click the DEAL button to deal the cards. 2 cards are 1 dealt to each of the player's hands for which bet was placed and to the Dealer's hand. The cards are 1 dealt clockwise, one at a time to each hand in turns, with the first card going to the

rightmost player 1 hand. The last card goes to the dealer hand and is dealt face down.

If

you are playing more than one 1 hand, actions are taken for each hand separately, starting from the rightmost hand, once the cards have been dealt.

If the 1 Dealer's face

up card is an Ace, you are offered insurance. Click ACCEPT to insure one hand at a time 1 against the dealer having Blackjack or click DECLINE for each hand if you do not want insurance. As soon as 1 ACCEPT or DECLINE button is chosen, APPLY TO ALL button will not be shown for the remaining hands. To accept 1 or decline insurance for all the hands at a time, toggle the APPLY TO ALL button to Green color and 1 then click the ACCEPT or DECLINE button. This is also applicable for the "EVEN MONEY?" scenario.

If your first

two cards 1 have the same value, you can split your hand by clicking SPLIT.

Click HIT to

request another card or click DOUBLE 1 to double your bet and receive a third card. If you do not want any more cards, click STAND.

Please note 1 that Insurance, Double and

Split require an additional bet. If your balance does not have enough money to cover these 1 expenses, you will need to deposit more money to use these options.

When you have

played your final hand, the dealer 1 then reveals the Dealer's face down card and may draw additional cards, in accordance with the rules.

When the dealer has 1 stopped taking

cards, each of your hands is compared to the Dealer's hand. If your hand has a higher value 1 than the dealer's and has not exceeded 21, you win with that hand.
