On the face of it, bet £10 get £10 sounds like a straightforward offer which is pretty self-explanatory. And in 2 part, it is. But there is also a great deal of variation amongst betting sites with free bets, particularly when 2 it comes to things like terms and conditions.

In order to find the best bet 10 get 10 free promos, here 2 are three things to look out for:

Promo Codes

If there's a promo code to claim a £10 bet, make use 2 of it. Promo codes are often for limited-time offers, or may be for selected players only – which could mean 2 they offer better value.

Wagering Requirements

Wagering requirements are completely standard at online betting sites in the UK. It's not a 2 trick by the bookie – it's a way to make sure they themselves are not ripped off by punters claiming 2 a bunch of freebies with no intention of ever depositing!

However, wagering requirements matter. Some betting sites with free bets will 2 give you a 1x wagering requirement at certain odds, e.g. 1/2. In this example, you would need to wager your 2 free £10 bet at least once before you cash it out, and you would need to do that at odds 2 of 1/2 or above, which is all very reasonable.

Some betting sites in the UK will ask a lot more. For 2 example, you may see a bet £10 get £10 offer where you need to wager your free bet 40 times. 2 This is a much bigger challenge and shows why it's important to consider the wagering requirement, or playthrough requirements, when 2 claiming any bet £10 get £10 offer.

Bet £10 Get £10 Strategy

Although there are minimum odds on most wagering requirements 2 for bet £10 get £10 free deals, these are usually pretty low. If you back a team like Manchester United 2 to beat a Premier League team like Everton, you'd probably have done enough to unlock the free bet in terms 2 of minimum odds.

However, you have to remember that your stake is not included in your return. So, if you bet 2 at odds of 1/10, you won't make your £10 stake plus £1 profit – you'll just receive the £1 profit.

One 2 strategy is to place your original £10 on a highly likely outcome, while still meeting the minimum odds requirement. If 2 this is successful, you can bank your original stake and then place

your free £10 bet on a slightly longer 2 shot. This makes your potential return more worthwhile without increasing the risk of losing any real-money funds.
