What are Pokemon Games?

Play the latest Pokemon Games Online now and learn how to become a good trainer in the race for Pikachu in these online games. There are few gaming franchises in the world as recognizable as Pokemon is because this is one of Japan's biggest exports when it comes to media, with the franchise having started a few decades ago with the release of a few video games, and then expanded upon its brand with manga series, a highly-popular anime television series which has had all sorts of new remakes and stories over the years, collectible cards, a viral mobile app in the form of Pokemon Go, a successful live-action movie called Detective Pikachu, and, of course, there are lots of Pokemon games online that you can play, with the best of them now being available only on friv games, right here and now!

The beginnings of Pocket

Monsters

It might feel this game has been around forever since there are multiple generations of people that have had experiences with these franchises in one way or another, but it's not such an old series, with it starting off in 1996 with the release of a double video-game by Nintendo called Pokemon: Red and Blue, which was called Pocket Monsters in the original Japanese release.

In these games, you had the chance to

become what is called a trainer, who ventures through various regions of this fictional world, where you battle animal-like creatures of different elements, and if you defeat them, they can be captured and stored into what are called Pokeballs.

Kanto is the name

of the original area in this world that you could explore, and, as a trainer, you had to battle other trainers from the Indigo League, until you have defeated the eight Gym Leaders because that is when you have become a Champion. Each Gym Leader is the boss of a gym where they raise trainers as well as Pokemon, usually with each of them focusing on one kind of pocket monster.

The many adventures of Ash Ketchum and his friends

In

the games you were the protagonist, you could choose the name you wanted to use, and then start your adventure, but this would not work for the anime series that was inspired by the Pocket Monster Games and started off not too long after the first

games, in 1997, which is why we were given a protagonist in the form of Ash Ketchum, a teenage boy who wants to become the best Pokemon trainer and wants to catch them all!

Ash is given a Pokemon called Pikachu to start off his adventures, given to him by Professor Oak, who is the grandfather of Ash's biggest rival, Gary Oak. Pikachu is hard to handle and does not want to get into the ball, but he and Ash eventually form a bond and Pikachu becomes his main character, but it mostly never goes into the ball, but rather would rest on Ash's shoulder. Now having his first Pokemon, Ash can start his adventure to conquer the Indigo League.

In his first adventures, he

befriends a former Gym Leader called Misty, and a breeder called Brock, with the trio then venturing through the regions to capture battle trainers, while also having to deal with the various plans put forth by Team Rocket, made up of the very funny characters of Jesse and James, joined by their talking-character called Meowth, who are always hatching up schemes to steal Pikachu from Ash.

The most popular Pokemon to know about!

In addition to Pikachu, who you already met, there are many other iconic characters that kids and adults alike love a bunch, such as Charizard, who is a fire dragon-like Pokemon who can fly and can spew fire from its mouth, Bulbasaur, who is a grass one who uses its seed and veins to attack, Squirtle, a water type that can shoot water and uses its shell for defense, and Charmander completes this trio of original choices, a fire-type that can be hard to handle, but very useful in battles.

Through

training and the battles that they take part in, trainers can evolve their Pokemon to more powerful versions of themselves, gaining new and more powerful abilities, with Pikachu being famous for stopping his own evolution to keep going on adventures with Ash as himself.

Cozinhar como um chef: a importância da precisão na cozinha de Jay Rayner

Quantas noz-moscada você consegue segurar entre o polegar e o indicador? Ou, eljach poker outras palavras, quanto nutmeg é adicionado a um prato quando pido que coloque "um pincelada"? A quantidade de mel, vinho tinto ou vinagre balsâmico varia de acordo com o tamanho das mãos e a quantidade que cada pessoa considera uma "pincelada". Jay Rayner, um crítico gastronômico e escritor de culinária, discute a importância da precisão na cozinha e como suas receitas, inspiradas eljach poker pratos de restaurantes, exigem mais clareza e exatidão do que suas técnicas improvisadas anteriores.

Da aproximação à precisão

Rayner comparou suas receitas com as de cozinheiros experientes, como Fuchsia Dunlop e Sam Sifton, e notou que, além da exatidão necessária eljach poker ingredientes e quantidades, esses autores também incentivam a interpretação pessoal. Por exemplo, a receita de frango com cebolas caramelizadas e croûtes de Sifton simplesmente instrui o cozinheiro a colocar "um monte" de cebolas e frango no prato, permitindo que o cozinheiro decida a quantidade exata. Rayner acredita que as receitas devem ser escritas como histórias curtas, com um início, um meio e um fim, e que o cozinheiro deve se sentir habilitado a interpretar e modificar a receita de acordo com seu paladar.

Receitas como histórias

Rayner compara a escrita de receitas à escrita de histórias curtas, com um início, um meio e um fim fortes, e uma forte trilha narrativa. Além disso, o cozinheiro deve se sentir no centro da ação e habilitado a interpretar e modificar a receita de acordo com seu gosto pessoal. Rayner acredita que uma receita excessivamente rígida é tão chata quanto montar uma mesa do Ikea. Em vez disso, as receitas devem deixar espaço para a interpretação e a criatividade do cozinheiro, reconhecendo que, no final das contas, o prato pertence ao cozinheiro.
