£10 Casino Bonus with 10x wagering (selected games)

Complete all four challenges, and

receive a £20 FreeBet token!

As with other online casinos, Sportingbet offer a welcome

bonus. This serves to cause new users to choose them as their predominant betting site

and can be useful for new users. It also helps to answer the question "Is Sportingbet

reliable?" and "Is Sportingbet secure?" as the offer stands Sportingbet out from the

crowd. It's clear this is no different with the Sportingbet UK offers.

Just like the

TonyBet bonus code, it's welcome bonus is not the most lucrative out there, but the

Sportingbet UK welcome bonus is still reliable and solid. As in other Sportingbet reviews and Sportingbet ratings, we found that you can receive a '£10 Backup Bet, Money Back As A Freebet'. It's a straightforward offer to understand and is not complicated to make use of. When you sign up to the site, and put in at least £10, you can be refunded up to £10 on your first sports bet if your bet loses. Minimum odds of 1/1 apply and this offer can only be made use of by new customers. As always, it's recommended that all interested users read through the terms and conditions themselves to make sure they will qualify for this promotion. So when you ask yourself "Is Sportingbet reliable?" when it comes to offers, the answer is yes.

As

mentioned previously in this and in other Sportingbet reviews, the site has a clear style, utilising a plain sky blue and white. This clear design makes it simple to navigate online, on your tablet and your phone via the Sportingbet UK app.

The website

is intuitively set-out so it's straightforward to find your favourite sports, markets, and all the other areas you need when gambling on the website. We were highly impressed with this when conducting both of our Sportingbet reviews.

At the footer of the site,

there are a range of links that can take you to any part of the website, which also includes FAQs, help pages and contact details. So when you think about the site and ask yourself "is Sportingbet reliable?" and "is Sportingbet secure?", you can be confident that it most certainly is both.

Payment Methods

You can find help in a vast number of ways when gambling with the Sportingbet UK site. Sportingbet ratings prove that the customer service is one of the most efficient and effective of all online gambling providers in the UK.

These usually tick off a lot of the answers players are looking for, but there are other options available for further help, if needed. This further promotes the idea that Sportingbet is reliable and Sportingbet is secure, which is highlighted in other Sportingbet reviews and Sportingbet ratings.

Customer Service

You

can find help in a vast number of ways when gambling with the Sportingbet UK site. Sportingbet ratings prove that the customer service is one of the most efficient and effective of all online gambling providers in the UK.

Are there usually good

Sportingbet customer reviews? These usually tick off a lot of the answers players are looking for, but there are other options available for further help, if needed. This further promotes the idea that Sportingbet is reliable and Sportingbet is secure, which is highlighted in other Sportingbet reviews and Sportingbet ratings.

I checked out the

Sportingbet live chat service. At first I was confronted by a chatbot that was pretty useless, but thankfully I persisted with my query and eventually got help from Lauren. Here's what went down:

License & Security - Is Sportingbet legit?

Sportingbet UK

provides players with a fair-play casino, and has a wide array of licenses and certificates to back this up. So when you think to yourself 'Is Sportingbet secure?' or even 'Is Sportingbet legit?', you can be reassured that it is.

Is Sportingbet legit in the UK?

Sportingbet UK has gambling licenses from both the Gibraltar Gambling Commission and the UK Gambling Commission, so you can rest easy that Sportingbet is a secure betting experience.

This is yet another example of Sportingbet being reliable and one championed in other Sportingbet reviews as well. It couldn't be a stronger yes to the question "Is Sportingbet reliable?" and the same answer to "Is Sportingbet secure?". Compare this with our coverage of "Is Betway safe?" and "is Leo Vegas safe?" to find out which bookie is leading the pack when it comes to security.

Rewards & Loyalty Program

Sportingbet is reliable in ensuring that it looks after its sports betting users with great promotions, as noted in other Sportingbet ratings. So it's a clear yes to "Is Sportingbet reliable?" when it comes to rewards and loyalty. Let's dig a little deeper into why the Sportingbet ratings are so good across the board.

The Forecaster

The Forecaster is one of the more unique offerings on the site and attracts many positive Sportingbet ratings. This bonus is essentially a free-to-play guessing game, based on Premier League football. You try to guess what the results of each fixture is going to be each week, and score points by making correct guesses.

Points are added up, and you're entered into a weekly overall table, and a total prize of £1,000 split amongst the highest ranked users. There's also a prize of £20,000 for the highest ranked players at the season's end, other Sporting bet reviews also found this unique offering very interesting. It's another point in the bag when you try to answer the "Is Sportingbet reliable?" question.

Best Odds Guaranteed

This one is slightly more common for some of the more reputable sports betting sites. Essentially, it ensures that it matches the top odds on bets in the UK. So "Is Sportingbet reliable?" when it comes to the best odds? The answer is a resounding yes!

We Love Accas

'We Love Acca' is a scheme that allows you to gamble an extra £5 in bonus credits provided by Sportingbet UK every week, as long as you've wagered at least £20 on football accumulators that week.

Acca Boost

Another bonus is the Acca Boosts, where selected market odds are increased at random.

Acca insurance

Finally, there's Acca Insurance, which provides you with money back if one leg of your accumulator fails. The Sportingbet ratings of this feature are encouraging for new players wanting to join a top operator.
