Ooh Aah Dracula Slot Review

What a spooktacular slot! Ooh Aah Dracula was released by Barcrest in March 2024 and has proved to be very popular thanks to its quirky bold design and unusual symbols, a structure that enables players of all bankrolls to play it, a hi-roller feature, and of course very rewarding bonus features.

It is based on the legendary vampire Count Dracula - the fictional character who was introduced to us in a Gothic-horror novel written by Bram Stoker which was published in 1897. Since then there have been many television shows, movies, games and more based on the spooky character famous for his fang-like teeth. Despite the spooky, gothic theme of Ooh Aah Dracula, it's not just a Halloween themed slot – it's awesome to play all year round!

The biggest annoyance I have with this slot machine is the sound that plays out as you spin the reels, not only is it rather weird and creepy, but it doesn't play for the duration of a spin. I found that the sounds stop after the symbols fall into place on the second reel, leaving reels three, four, and five to fall into place with no sound accompanying them. That might be nit-picking but it's almost as if it's an error and even the sounds that play when you have a winning spin leave me with an empty feeling rather than excitement – the money is always nice though!

Super Structure, Spooky Symbols

Ooh Aah Dracula contains 5 reels and 10 paylines with stake per line options ranging from 0.01 up to 50.00 – meaning all paylines can be played from 0.10 up to 500 credits – so you can't complain at it being too deep or shallow for your pockets! Plus another very attractive quality is that it boasts an RTP of 96% which increases to 99% in the bonus features – very nice slots odds indeed!

The symbols are very spooky and rather weird. There is a stacked Wild symbol, a Scatter (stake through a heart), the slot's logo, a weird Dracula with sunglasses, spooky castle, female vampire, and playing card symbols which have been designed in a gothic style.

Gamble Big With Dracula

It's time to bet big with Dracula by clicking the 'Hi-Roller' button – available anytime during normal gameplay. By doing so you will be presented with a screen offering you two options – a 20.00 or 30.00 game, which is now a common feature in Barcrest slot machines and found in other slots they have released such as Monopoly Big Event.

Both of these options see you play 5 spins, and should you be fortunate enough to trigger the free

spins mode you will be rewarded with an additional feature. For activating free spins the 20.00 game will reward you with the Graveyard Bonus, while the 30.00 game will reward you with the Super Graveyard Bonus and, yes you guessed it - it takes you to the heart of a dark and dreary cemetery.

It's not all doom and gloom though, you are only here to select one of five or six graves to reveal a prize. When you click the grave a ghost appears along with your reward, with the prizes in the 30.00 game being considerably higher than those in the 20.00 game.

Stake It or Leave It Free Spins

The free spins feature in Ooh Aah Dracula is spectacular and promises big wins – unless you get spooked out and decide to chicken out. It requires at least three Scatter symbols (stake through a heart) to land on the reels in one spin and if you manage to do so you are also rewarded with one re-spin in an attempt to improve your reward, with the number of Scatters correlating with the number of free spins, additional wilds, and whether you can 'stake it or leave it':

3 Scatters: 15 free spins with one additional symbol selected at random to be Wild.

4 Scatters: Same as above but you get the option to play another round of free spins in a take it or leave it decision, with 10 spins and 2 extra Wilds chosen at random.

5 Scatters: Same as how 4 Scatters play except if you wish to risk it after your second round of free spins you will get 5 free spins with 3 extra Wilds chosen at random – big wins guaranteed!

As you can see this is a highly rewarding free spins feature thanks to the additional wild symbols, how much you win is up to how much you are prepared to risk – got what it takes?
